DR. Charles Accurso

And staff

511 courtyard drive

Building 500

Hillsborough NJ 08844

Patient care.

Dear Dr. Accurso, I would like to tell you how wonderful of a job your staff delivered to my son on October 24, 2016. My son age 26 has a phobia of needles and procedures and was basically almost uncontrollable that afternoon. As someone who works an 18 hour day 7 days a week I could understand your staff having little patience's late in the day. On the contrary they were beyond fabulous and in today's world you just don't normally receive the attention or time he needed. The nurses (two Joann's and Sean) were so understanding to his needs something I will never forget. We spent an hour dealing with him trying to get him on a stretcher and NEVER once did your staff do anything else but show kindness and willingness to work through his problem. I can never THANK them enough for their service to my son. As the CEO of Tixcity.com IF we can ever do anything for you or your staff PLEASE let us help.

Sincerely yours

Lon S Belvin CEO
